NEWMARKET - Europa Travel & Tours, recognized across Canada as a leader in the custom and luxury travel market, is introducing exclusive small group discoveries to Portugal and Spain.

Europa Travel specializes in creating unique itineraries to the Iberian peninsula to experience the history, luxury and romance of the Paradors of Spain and the Pousadas of Portugal.

In keeping with the company's focus to provide enriching travel experiences, Europa Travel is introducing small group discoveries to Portugal and Spain with special interest themes such as wine, gastronomy, history, art and culture. Group sizes range from 6 to 20 people and they will offer all inclusive itineraries, admissions and other value added options.

"The introduction of small group discoveries will allow us to customize an itinerary to suit the needs of a specific group of people, such as a wine club", says Miguel Rebelo, Managing Director of Europa Travel & Tours. "We are confident that we can create a unique experience which is specifically tailored to your organization's interests."
